OBJECTIVE

Energetic and result-driven IT & Electronics Professional with over 1 year of experience specializing in system implementation, IT support, hardware-software integration, and IoT operations. Proven expertise in integrating advanced biometric devices (ZKTeco, Hikvision, Tipsoi) with core HRM systems, managing cloud server configurations, and providing seamless technical support to corporate clients. Seeking a challenging IT position to leverage strong network troubleshooting skills and system management expertise.

TECHNICAL SKILLS

IT Infrastructure & Networking

Workplace IT support, desktop/laptop provisioning, network connectivity troubleshooting, LAN/WAN configuration, and remote support.

Operating Systems & Hardware:

Strong foundational knowledge in Unix/Linux terminal operations, macOS, and computer hardware architecture diagnostics, alongside hands-on familiarity with microcontroller prototyping (Arduino, Raspberry Pi, ESP32) and circuit troubleshooting.

Software Tools & Competencies

Tipsoi HRM Software Management, Device Utilities, Smallpdf, Electronic Component Schematics.

EXPERIENCE

2025-present | Technical Executive | Inovace Technologies Ltd

- Fully manage system implementation, deployment, and end-to-end IT support for corporate clients.
- Troubleshoot and resolve complex network and communication issues, including cloud server address configurations.
- Conduct field visits for critical clients (including Channel i and Walton Hi tech Park) to provide on-site deployment and advanced technical support.
- Implementation, repairing, troubleshooting, IT support and maintaining electronic components and systems.
- Resolve critical network connectivity, communication breakdown, and cloud server configuration issues.
